

What is the Model of Neighbourhood Care?

Buurtzorg Onion Model

Buurtzorg works inside out, empowering and adaptive, supportive and network creating.

Our Neighbourhood Care Team

Implements the principles of the Buurtzorg Model

Supports a wide, holistic view of well-being

Supports well-being, independence and living at home

Self-organising team

Person-Led

Reduces bureaucracy, duplication and paperwork and frees up face to face time

Is community-based and front-facing to our communities
