

Minutes

Meeting on 4 March 2021 via Zoom

1. Welcome, recording of those present and apologies

Present: Fraser Allan, Colin Cameron, Alison Lamont Chalmers, Laura Gormley, Carsten Mandt, John Nicholson, Bill Noblett, Christine Wilson, Robert Young

In attendance: Councillor Alastair Berrill, Councillor Rob Davies, Claudia Duncan, Christine Glass, Alison Limbert, Fergus McFarlane (Loch Lomond Fisheries Trust)

Apologies: Pam Campbell (Stirling Council), Luci Rooney

Colin noted with great sadness the recent passing of Councillor Graham Lambie. He was a great friend to Balfyon, a very effective and respected councillor and advocate for the interests of the people in the Forth and Endrick Ward, and he will be sorely missed.

2. Recording of Declarations of Interest

Fraser Allan declared an interest in agenda item 12.

3. Adoption of Minutes of Previous Meeting

The minute of the previous meeting was proposed as an accurate record by Robert Young and seconded by Laura Gormley.

4. Matters arising

Fraser informed BCC that Jacqueline Douglas has joined the Balfyon Resilience Group.

Colin had a call from Bank of Scotland regarding the phone box/Food Exchange. While they are not offering funding for refurbishment, they will provide some food donations.

5. Co-option of new Community Council member

Co-option of new BCC members: Christine Wilson nominated Alison Limbert, seconded by Laura Gormley. Bill Noblett nominated Claudia Duncan, seconded by Robert Young.

6. Covid-19 Response

The Balfyon Covid-19 Support group reported that demand for support had been quiet recently but the rota for delivering prescriptions from the pharmacy was working well. The Lunch Club had operated continually since the start of the pandemic and volunteer engagement had been consistent throughout. The Club is aiming to take a break in the summer.

It was agreed to set up a gardening and seedling exchange next to the Dunmore St phone box.

7. Projects

a. Space for Living: Colin reported that plants had now been ordered for the new beds at the Clachan, as specified by Balfron in Bloom. Discussions were ongoing to consider additional landscaping with bark to stop vehicles driving over the new roadside beds. Colin will be in touch with Balfron in Bloom to check they are happy with the arrangements.

BCC noted ongoing issues with local residents continuing to park on the new paving at The Clachan and the War Memorial.

Colin also reported that Stirling Council had confirmed plans for works on the Buchanan St North site. Sustrans money was now in place and Stirling Council are awaiting approval for their contribution to spend this year. The aim is to carry out the works in late summer.

b. Small Playpark - Donaldson Park: Bill Noblett and Christine Wilson had received confirmation from Stirling Council that the work should start in the next week. Stirling Council are looking for a BCC contribution of £2,000 to the project.

8. Loch Lomond Fisheries Trust

Fergus McFarlane of the Loch Lomond Fisheries Trust informed BCC about the Trust's Endrick Legacy Project, funded by NatureScot. The project is focussed on battling invasive plant (giant hogweed, Japanese knotweed, American skunk cabbage) and animal (American mink and signal crayfish) species. Further information about these species is available from www.nonnativespecies.org. The project also includes works to enhance and secure habitats through tree planting and improving access to burns and other waterways for fish. Anyone who would like to report any issues or incidents e.g pollution can do so by email to l.lomondfisheritrust@gmail.com. Further information will also be available shortly on our website and Facebook page.

9. Health and Social Care Partnership Consultation

Bill reported on a recent consultation held by the [Clackmannanshire and Stirling Health and Social Care Partnership](#). The consultation on how services should be provided in the rural south-west remains open until 15 March 2021 and can be accessed at: <https://www.surveymonkey.com/r/7ZD6D3D>.

BCC agreed that the consultation process appeared superficial and expressed disappointment over the lack of more meaningful and effective community engagement on this important issue. It was agreed that BCC will submit a consultation response, raising this point with the Health and Social Care Partnership.

10. Police Report

BCC noted a written report by Police Scotland.

10. Elected Councillor's report

Discussions at the most recent Stirling Council meeting were reported:

- The Stirling Viewforth link road project is to be shelved
- National park by-law is to be amended to allow charges being brought for having an open container with alcohol
- A new Stirling Makkar has been appointed
- A motion to delay changes to waste collection services for 6 months was defeated
- The Council budget will be discussed at the next Council meeting.

Ongoing issues with inappropriate behaviour such as inconsiderate or dangerous parking, sheep worrying and littering by visitors to Dumgoyne were noted.

Emergency repairs to a bridge on the B818 Fintry road were noted. Concerns were expressed about drivers ignoring or moving 'road closed' signs. Repairs are due to be completed by 15th March.

Concerns about suggestions of variability in online learning provided by the High School were raised.

11. Treasurer report

Bill confirmed that he had returned unspent funding to Stirling Council.

He will seek guidance from insurers about BCC's insurance requirements going forward to ensure adequate cover for the bus shelter at the clinic (owned by BCC) and other commitments not previously covered by BCC insurance. Repairs to the bus shelter should be carried out in April.

Bill has purchased high-vis vests for Balfron in Bloom and litter pickers that can be used by local residents who volunteer to pick litter.

12. Planning report

Robert reported that four new applications had been registered on the planning portal since the February BCC meeting.

Regarding the Drumtitan development, Stirling Council had received 13 messages of support from local businesses and residents and 18 statements of objections from 11 parties. It was noted that the application had support from roads and environment officers at Stirling Council and from NatureScot.

13. Chair including Correspondence

Colin highlighted warnings of a recent series of punctures in the area, urging motorists to be vigilant.

He has learned anecdotally that the 'Bunker' building has been sold. He has asked Stirling Council for clarification.

He also noted that Scottish Water informed that they would be installing bottle refill stations in Balmaha as part of their Top Up at the Tap campaign, and questioned whether we could get one in Balfron. Alison Limbert will explore further.

14. AOB

Claudia raised the absence of a compost collection point at the recycling centre this year. Cllr. Davies offered to investigate further.

Suggestions for possible summer festivities in the village were discussed. It was agreed that any event would need to maintain social distancing and be organised in such a way that a short notice cancellation was possible.

15. Next meeting

Thursday 1 April 2021, 19:30 by Zoom
